Managed Events

For over 17 years, Managing Australian Destinations or M.A.D Special Events has produced some of the most challenging and creative events in Australia. On the Great Barrier Reef, in the Daintree River or on the magnificent Four Mile Beach we have done it. A silver-service dinner in the rainforest, a candle lit lunch in a cave, breakfast on a deserted island or an elegant Gala in a ballroom, talk to us. If it's 3 (which is a crowd) or 3000, we have done it! We have created public events for 5000 to 60,000 and taken them to new heights.

And if it hasn't been thought of yet, we will **definitely** do it.

Tour Guides

Multi lingual guides fully trained and ready to guide visitors through the most unique and remote attractions in Australia. Snorkelling the Great Barrier Reef with Marine Guides, Watching up close and personal the whale migration with the only certified guide in Australia as they meander though the Coral Sea to their breeding grounds, and exploring the outback with our Savannah Guides are just a small part of what we have to offer the individual and group travellers from around the world. Port Douglas, Cairns or anywhere in Australia we have the professionals to assist and share the secrets of this wondrous land.

The Tour Specialists

No matter where in Australia you want to go we have the tour specialists that can help plan your adventure. 1 person or 1,000. Nothing is too small or too big. We design every tour around the individual needs of our clients. Trains, planes and automobiles are an every day requirement for our clients. Everything is possible.

Team Building

Team Building, like people comes in all shapes and sizes. M.A.D Managed Events aim to design activities that increase a group's ability to communicate, follow instructions and solve challenges whilst focusing on the development of teamwork and positive interaction between individuals, serving to enhance trust and interdependence within organisations. From two hours to two weeks we design Team Building events to suit, as we believe that the only limits to Team Building is imagination. Allow us to share some concepts with you... however, keeping in mind that if you've "been there done that" we can and will create something tailored just for you - just share with us the message that you aim to deliver!
